Art Unit: 1774

1. Claims 11, 13 and 14 are allowed.
2. Claim 12 is rejected under 35 U.S.C. 112 (second paragraph) as being indefinite for the reasons set forth below:
 - a. There is no antecedent basis for the recitation "the transparent electrodes" (emphasis added); and
 - b. The recitation "to be exposed at the end portion of the layer" does not have a well-defined scope and meaning. What is "to be exposed"? How does this "exposure" occur at the end portion of the layer?
3. Since no definite meaning can be ascribed to certain terms in the claims, a search of the claimed invention cannot be made at this time. In re Wilson, 165 USPQ 494. The appropriate search will be performed upon clarification of the issues under 35 U.S.C. 112 (second paragraph) set forth above.

Any inquiry concerning this communication should be directed to Bruce Hess at telephone number (571) 272-1525.
